ABOUT US

Atchayam Trust, a registered (Reg.No-10/2014), non-governmental and non-profit organization at Erode was established in 2014 by a great visionary, Mr.P.Naveenkumar M.E.,. The trust was founded with an ultimate cause to create a beggar free India by improving the life status of economically unproductive people who wanders in public and private places are left homeless and solicites mainly to satisfy their hunger. Typically, these people are noted worldwide as 'Beggars'. Expressively they are deprived of from basic needs of human life, love, care and affection. Mental illness, drugs and liquor addiction, aging, physical disability, family breakdown are the predominant factors that creates vulnerable situations and make the people engage in begging. All these people are rescued and sorted out in accordance to their disabilities in mental and physical well- being for better rehabilitation which is being attained by assisting them medically and conducting counseling sessions by healthcare professionals apart from fulfilling their basic needs (food, cloth and shelter).

Vision

- ❑ Encouraging the youth to develop leadership qualities, personality development and social responsibility for the progress of the nation.

Mr. P. Naveenkumar M.E.,
Founder & President

National Youth Awardee by Govt. of India
State Youth Awardee by Govt. of Tamilnadu

Blessed are the ailing parents of the Founder & President of Atchayam Trust, Mr.P.Naveenkumar M.E., as his actions towards the betterment of a society are always commendable and is focused. He was brought up by his grandmother as his father is physically challenged and couldn't move much while his mother suffers from intense Rheumatoid Arthritis. He worked in fields on morning and cleaned cow dung to manage his school expenses. With this struggling, finally he completed his undergraduate in mechanical engineering in the year 2014 and post graduate in thermal engineering in the year 2016.

The heart wrenching situation of the beggars in the daily life scenario sparked a pinch of thought in Naveen's mind to commit to a vision of creating a beggar free country. Quite normally, he was discouraged for his objective thinking, forcing him to finish his undergraduate studies. Overwhelmingly, he excelled in studies and shined as a topper.

With a fascinating insight into the plights of marginalized people, he created awareness about the plights of beggars among the youths, thereby a dynamic group of student volunteers and other professionals were formed as a team, leading successfully to the establishment of ATCHAYAM TRUST in the year 2014. He was just 20 years young and a final year undergraduate engineering scholar during that course of period. His investments for the welfare of the marginalized people are only his youth and time which will not return in his life span. Despite that, he is attaining a ton of happiness and satisfaction in being a beloved person. Being instrumental in striving for their well-being, he was awarded with National Youth Award by Govt. of India and Chief Minister's State Youth Award by Govt. of Tamilnadu and various 70+ prestigious awards and recognitions.

SUCCESS STORIES

Mr.Suman

A domicile of Nepal, Mr.Suman was brought to the concern of our trust from Thanthai Periyar Government Headquarters Hospital, Erode. He was in a mentally impaired condition during the year 2021. After periodical counseling and medical treatments by healthcare professionals, we were delighted to get his personal details. He was a vagabond in search of employment opportunity. By the way, he travelled all over from Nepal to Kerala and to Tamilnadu. He lost his possessions and national identity cards. Due to language problem, he was unable to manage the hard situations and finally he became mentally unstable out of depression. He is a father of two children. With the furnished information, his family was brought to our trust in order to reunite him with his family and it's a grand success. The love of a family is the life's greatest blessing and he was blessed with the same.

Mr.Raghu

On a fine day, 80 year old Mr.Raghu was eagerly waiting outside the premises of JKKN College, Komarapalayam of Namakkal district of Tamilnadu to meet the Founder & President of Atchayam Trust. He hails from Haryana and retired as an English teacher in a private institution. His spouse's death made his life miserable and destitute as he has no children to care for. He lost his identity proofs and was distraught as he could not join any old age home in Delhi. At this time, he was inspired by an article published on 07-Nov-2020 in an English newspaper, 'Times of India' about the works done by our Atchayam trust and that has brought him all over from Haryana. He makes a happy living helping the guard in the safe, friendly environment of the Atchayam Rehabilitation and Skill Development Centre.

Mrs.Ammani Ammal

Being a mother of three children, Mrs.Ammani Ammal, an 87-year old senior citizen was hopelessly living as an alm-seeker in the streets of Erode Sampath Nagar. To realize, she was hurt by no one but her own children. It's truly painful to acknowledge the fact that children have walked out of her life. Our rescue team was put into action in a fast pace in search of her family. Witnessed by the District Superintendent of Police, she was reunited with her third daughter.

Mr.Venkatraman

In addition to the saying, 'Liquor addiction is injurious to health', it also spoils one's family. Mr.Venkatraman, a smoker and a liquor addict's personal and family history is the same. He spent all his earnings for alcohol consumption and due to which a family dispute arose between him and his wife. His addiction increased due to the mental depression and so he could not survive long in workplace. He lost the job and left his home. He engaged himself in begging for his survival. He was rescued by our dynamic team of volunteers and admitted him in Atchayam Rehabilitation Home & Skill Development Centre. He was rehabilitated successfully so that he became a deaddict of alcohol and cigarette consumption. Presently, he is a cook in our Atchayam home and serves the residents of home happily. He was also reunited with his family.

Mrs.Jayalakshmi

A Srilankan refugee named Mrs.Jayalakshmi came along with her parents during childhood with lot of hopes and desire. But the scene was not as expected. She lost her parents at a very young age and was married to Mr.Krishnaraj. The death of a blue baby she gave birth to became the next great loss in her life. This twisting moment turned her into a psychopath and she left home. She became a sexual prey to molesters and was cruelly beaten up. An injury on her leg worsened and developed to skin necrosis that may end up in E.Coli infection.

District Mental Health Psychiatrist, Dr.Anantha Kumar counseled her. With the support and guidance of Mr.Srinivasan, an officer of Differently abled Welfare department, she was admitted in Ecomwell Home for Mentally Ill at Tharamangalam, Salem Dt. She actively involves herself as healthcare taker presently, taking care of the other mentally ill residents of the home.

Mr.Baskar

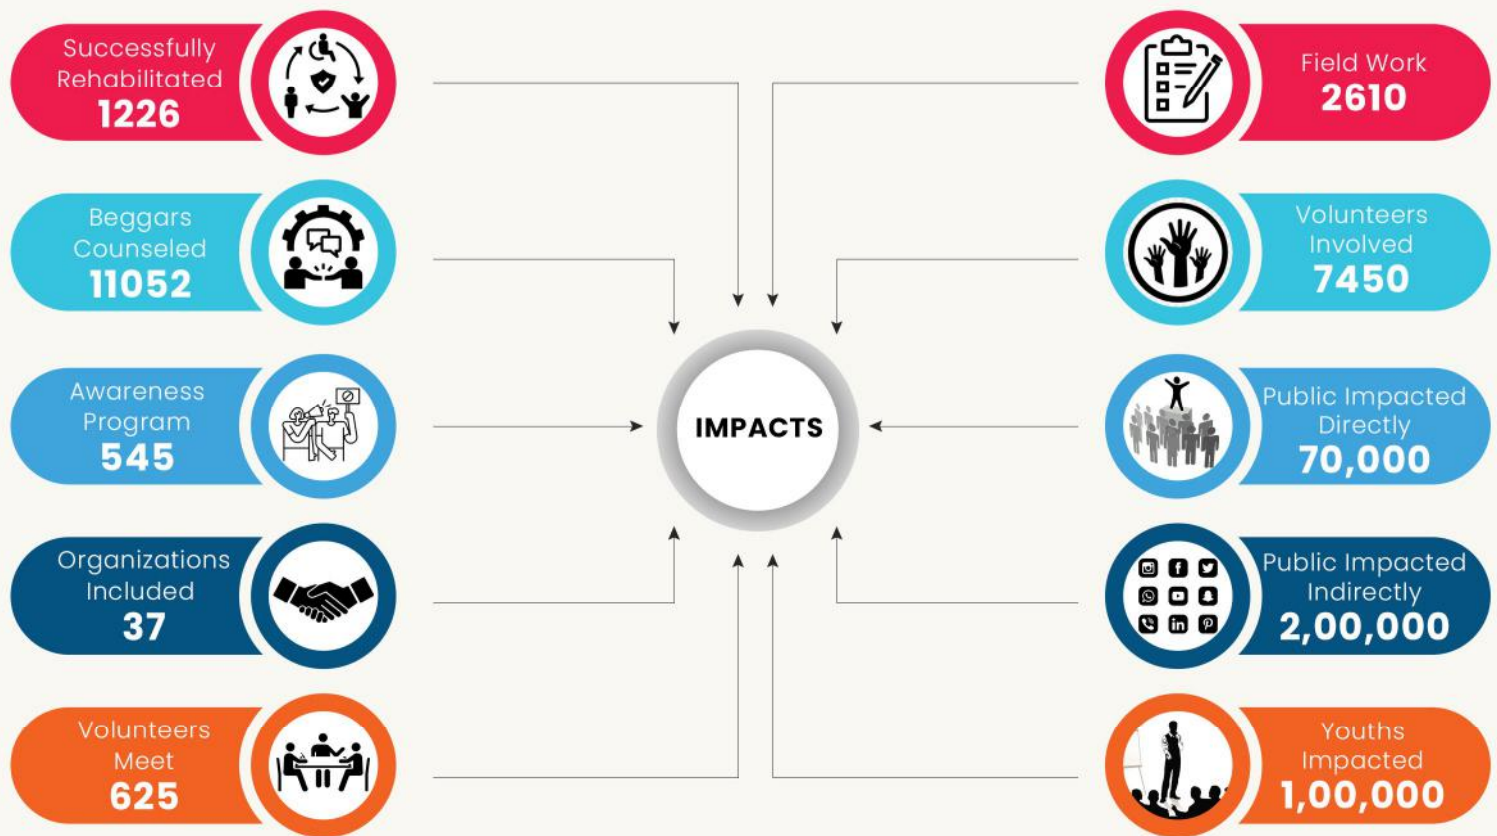

A resident of Tiruchengode, Mr.Baskar was a vagabond in search of job and so moved to Erode. He was unable to get a job as it was during the covid pandemic period. He was frustrated and depressed and that spoiled his mental health. Due to mental disorder, he wandered on streets and engaged in begging. He survived on food offered by the public and drunk alcohol with the money he begged for. Atchayam team rescued him and admitted in Atchayam Rehabilitation Home & Skill Development Centre. He was later admitted in ECRC, Perundurai for his mental well-being. It's delighting that he is recovering gradually.

ATCHAYAM DESTITUTE HOME(HOSPICE CARE)

- Atchayam Hospice Care functions for the concern of dying destitute.
- Dying destitute are helpless, hopeless and homeless people seen on the pavements in public places.
- These people are abandoned by their own families mainly due to their serious medical condition.
- They are deprived of medical attention and care.
- They need utmost medical care 24x7 to alleviate their sufferings and unbearable pain.
- These people are to be rescued from an identified location and provide care with medical and moral support.
- This specialized Atchayam Hospice Care addresses physical comfort, emotional and spiritual support for the people in their twilight years

ATCHAYAM OLD AGE HOME

- Atchayam Geriatric Care refers to a specialized care for senior citizens to meet their requirements.
- To emphasize, they are economically unproductive due to aging effects and are thus abandoned by their own families.
- These abandoned elders belonging to the age group of 60 years and above are proportionately mixed with rescued beggars.
- These old people indulge themselves in begging for food and are found on the streets as they are deprived of shelter.
- They are liable to health issues often and are left uncared mostly.
- Showering them with tender love, care and affection by health care takers.
- Deeply counseling them by expert counselors with a great concern on their mental well-being.
- Assisting them with 24x7 clinical care by the physicians, physiotherapy treatments, nursing facility and supplementary medicines free of cost.
- Supplying a balanced diet, dressing materials, toiletries etc. for the residents.

ATCHAYAM HOME FOR MENTALLY ILL

- Atchayam Home for Psychotic is for patients with psychiatric disorders.
- The deep frustration and depression due to the death of loved ones and family breakdown are the predominant factors that make a person psychotic.
- It is an urgency need to rescue the mentally ill person and admit in rehabilitation home for their mental recovery as they threaten the public usually.
- Optimal mental health care ensuring people with mental illness are practiced with the same medical and social care as like normal people.
- Involving the patients in recreational activities like meditation, playing games, dancing etc., and practicing yoga for emotional, psychological and social well-being.
- Engaging them in activities that promote mental health is an essential determining factor in living a healthy and happy lifestyle.
- An environmental set up that supports mental health and serenity.
